

## **Boil Water Rescind Notice**

On **Tuesday, April 20, 2021**, the Texas Commission on Environmental Quality (TCEQ) required our public water system Flying L Ranch PUD PWS ID #0100016 to issue a Boil Water Notice (BWN) to inform our customers that due to valve replacement project, water from our system must be boiled prior to consumption.

**Due to a postponed valve replacement project, water will no longer require to be boiled.**

Our system has taken the necessary corrective actions to restore adequate pressure, disinfectant levels, and/or bacteriological quality and has provided TCEQ with testing results that indicate that the water no longer requires boiling as of **Friday, April 23, 2020**.

If you have any further questions please contact John Montgomery of our Regulatory Compliance Department at (281) 367-5511.

If a customer wishes to reach TCEQ, they may call 512-239-4691.
